I just reviewed your web site again for the flavor of your Memorial Day event. It is not the same as ours, but I think it has merit and can be very meaningful for your community. Your photos show a good variety of participants, which indicates a wide representation of your community. Our Memorial Day event has been growing each year, with some impact by inclement weather, for over twenty years. Folding in the youth is a vital aspect which can insure the longevity of the event. Getting a wide spectrum of groups involved is also not only a blessing but vital for longevity and growth. You are on the right trail. Keep up the good work. John Lehman

Mark & Linda, you are a Mercer treasure! Thank you for your passion in reviving a much needed patriotic tradition. Our children need to know what our Veterans have sacrificed for us all and that Memorial Day means more than a day off. It was my honor to work with you in a small part this year. I look forward to helping you for many years to come. THANK YOU.
